Mr. Nguyen Thy Phuong

Chairman of Karofi Group

"...Every year, Karofi brings customers millions of products and services. Every product is the result of experience and efforts of thousands of employees through hard working. From R&D, production, quality control, marketing activities, sales, then after-sales service... Each of us joins hands, creates and strives every day to bring customers truly valuable products, worthy of their money and their trust..."

ABOUT US

Karofi is a Vietnamese manufacturer of water & air related products since 2006. Karofi covers a wide range of value chain from R&D, production, marketing & branding, distribution to customer service. At Karofi, all people drive with the company's mission: to protect and enhance the health and quality of life of everyone in the water and air environment on the beautiful green plane.

Head Office: Hanoi, Vietnam

Year Established: 2006

Main Products: RO Water Purifier, Dispenser, Water Heater, Air Condition

Service Offer: ODM, OEM.

Factory: Hung Yen, Vietnam

Area: 36.000sqm

Workshop: Assemble - Plastics - Spare Parts - Filters - Mechanical

Certificate: ISO 9001, ISO 14001

MISSION

To protect and improve the health and life quality of everyone in the Water & Air environment on the Green Beautiful Planet

VISION

GLOBAL TOP 3 in the residential WATER & AIR treatment industry in 2040

VALUES

- Constant Innovation
- Customer orientation
- Outstanding commitment

KAROFI

DEVELOPMENT HISTORY

ESTABLISHMENT

Delivering water purifier in the local market

Karofi Brand

The main brand for middle & upper class

2006

2009

2012

2017

THE 1ST FACTORY

Established in Gia Lam, Hanoi

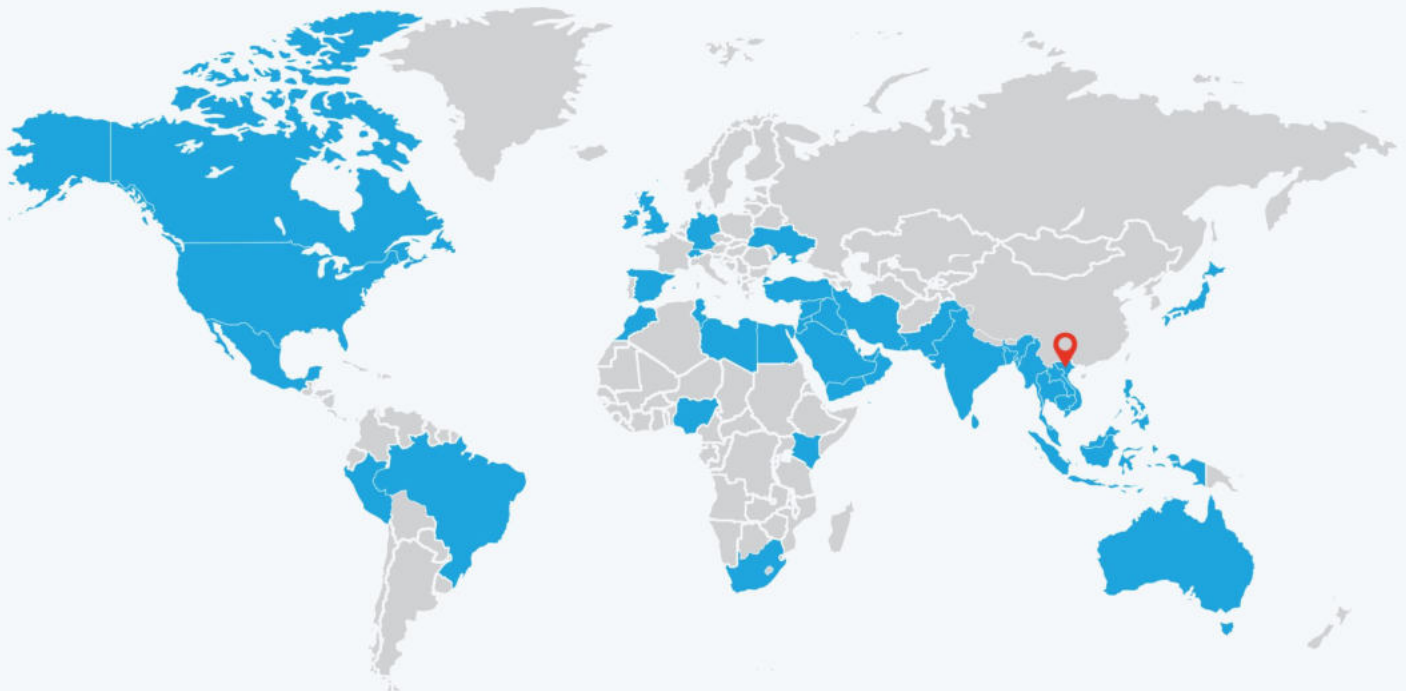

THE NEW FACTORY

Completion in Hung Yen with the area of 36,000 sqm

Tecomen Holding has officially becomes the new name of company group

2022

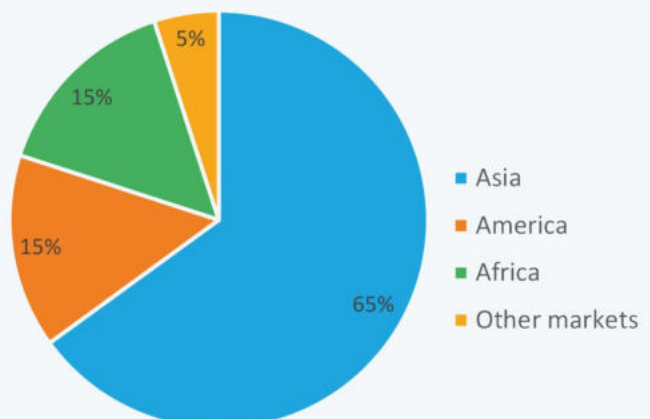

17

year of experience

50

countries worldwide

FACTORY OVERVIEW

OUR COMMITMENT

Quality Control

100% Inspection
<1% Defect Rate

Production

>80% Self Production

Delivery

99% Ontime Delivery
30 days of Leadtime

R&D ACTIVITIES

30+

experienced experts

100+

registered patents

R&D Center

Infrastructure:

Environmental Lab
Chemical Lab
Durability Lab
Noise Testing Lab
Electronic Lab
Physico-Mechanical Lab
Safety Electrical Lab

ODM Service:

Design, molding, prototype,
finished goods

Product: Water Purifier
Type : Under-sink RO
Client : USA

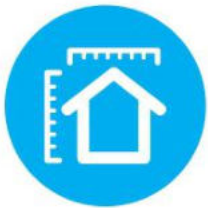

WATER PURIFIER BUYING GUIDE

What to Look For

FACTORS YOU NEED TO CONSIDER

Space

Make sure to take into account the water pipeline.

Design

Choose a water filter that will suit your interior decoration and your lifestyle needs.

Technology

Understand the latest technology to track the usage and quality of the filter.

Convenience

Check the guide for filter replacement. See if it can serve multi-purpose.

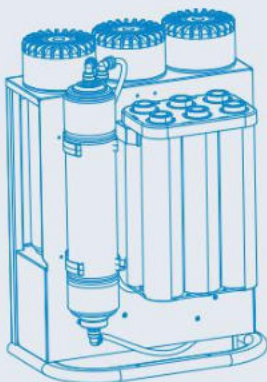

After sale service

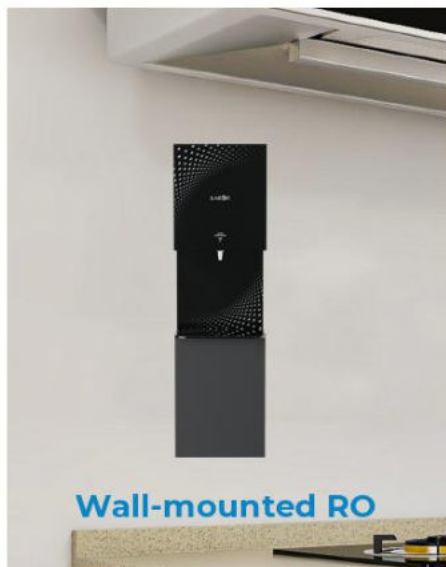

Select brand that can provide regular maintenance

THE RIGHT WATER PURIFIER FOR YOU

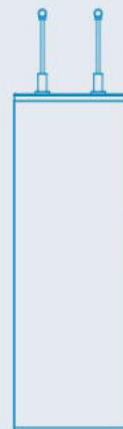

What fits your house?

Under-sink RO

Wall-mounted RO

Floor Standing Ro

FAMILY HUB

THE RIGHT WATER PURIFIER FOR YOU

UNDER-SINK RO

TRADITIONAL RO WATER PURIFIER

8 Stages RO PP-GAC-CTO- RO Vietnam 75 GPD, Post carbon, Mineral, Alkaline, Nanosilver

Eliminate 99.99% of contaminants including in water.

Increase the pH of the water

Kills bacteria and prevents re-infection with Nano Silver Filter

RO WATER PURIFIER WITH HIGH-PERFORMANCE SMAX FILTER SET HP 6.2

10 powerful high efficiency SMAX filters

Eliminate 99.99% of contaminants including in water.

Increase the pH of the water

Kills bacteria and prevents re-infection with Nano Silver Filter Plus

FULL COVER

Maximizing up to 7 systems (3 pre-filtration filters, RO membrane, GAC-T33, Mineral , Nano Silver)

Dimensions: 490 x 240 x 390 (mm)

Capacity: 20L/h

Protect your water purifier with elegant plastic cover

RO LEAF

Curvy and subtle design inspired by Leaf

Up to 8-stage of filtration with Alkaline and Nanosilver cartridges

Optional pressure storage tank (3.2G/4G/5G) or inner storage tank

INNOVATIVE UNDER_SINK RO

KAROFI KAQ-U05 WATER PURIFIER

10 Powerful filters

Decrease the rate of leakage with 6 functional filters in block form

Supplementing with Hydrogen

Creates negative ions beneficial to the body

Easy Filter Replacement system

KAROFI KAQ-U99 500 GPD WATER PURIFIER

RO membrane with super large filtration capacity up to 75 liters/hour

Non-pressure tank

10 powerful Smax technology filters:
SmaxProV1 + 2 Precarbon + 500GPD Filmtec RO +
Combo HP6.2 block filter

Technology Faucet with error warning Led

AloTec technology: Remote monitoring by
smartphone

KAROFI KAQ-U10 WATER PURIFIER

Super compact design

Quick-changing filters

Strong 10 stages of filtration
(SmaxDuo1-Sediment-Precarbon, RO 100 USA, Combo
(Mineral - T33 - Far Infrared - Toumaline - Hydrogen - Nano)

Filter block technology

KAROFI KAQ-U65 WATER PURIFIER

10 Stages RO water purifier:
PPD-PPD-CTO-QC, RO100 USA - Combo Mineral - T33 - Far Infrared
- Toumaline - Hydrogen - Nano Housing: Standard white x 3

Pump: Radian 8369T

Tank: Karofi plastic tank 4G

Casing: Plastic

WALL-MOUNTED WATER PURIFIER

A NEW CONCEPT OF WALL-MOUNTED WATER PURIFIER *KAROFI KAQ-W18*

Amazing 05 Benefits

Effective moisture
resistance, suitable
for flooded areas

Easy to install in a dry
place with modern
wall-mounted design

Durable tempered
glass cabinet

Get more water with
an 8L tank

Powerful 10 stages
Smax Filter System

FLOOR STANDING RO

HOT&COLD WATER PURIFIER KAD - N69

- 3 modes of selections hot - cold - ambient pure water
- Block cooling technology for deep cold water
- Doubles Cold Tank Capacity to 2L, Hot Tank 1L
- There is a dedicated valve for water in the case out of power
- 10 Filters system with Karofi's exclusive technology - Smax, Especially - 3 Stages pre-filter with Smax Pro technology.
- AioTec technology intelligently, monitors water cleanliness remotely
- Exquisite design, impressive overflowing glass cabinet

KAROFI WATER PURIFIER KAQ-D36

- Powerful 10 filters Smax filter system
- New generation 3-filters carbon filter system with Smax Pro V technology
- HP 6.0-high efficiency Smax functional filter system
- American standard 100 GPD RO membrane
- Modern slim cabinet, strong and sport

KAROFI KAQ-U10 WATER PURIFIER

- 3 functions Hot - Cold & RO water
- 30% energy savings with multi-layer thermal protection technology
- Instant Cooling technology
- 10 Powerful filter system

FLOOR STANDING RO

SUPER SPEED DEEP COOLING - SUPER POWER SAVING HOT&COLD WATER PURIFIER KAD-I55P

- Three modes of hot - cold water - convenient filtration
- Max cooling 3in1 technology
- High performance refrigeration air compressor; Fast cooling - Durability
- Powerful Smax 10 Filter System 1 faucet 3 water modes super convenient
- Save energy up to 75%
- Excellent benefits design, scientific structure

HOT & COLD WATER PURIFIER KAROFI KAD-D59

- 3 convenient water modes Hot - Cold - RO
- Double the capacity of the cold tank
- Double Chip refrigeration technology - Freely enjoy deep cold water
- Up to 30% electricity saving
- Powerful 10 stage filtration system
- Fit and perfect with any living space

HCV208 HOT, COLD & AMBIENT WATER DISPENSER

- Hot faucet lock is safe for young children
- Deep cold with compressor cooling technology
- Trendy Design
- Durable & Luxurious Case
